ORDER NO.

SUBJECT:

DOCKET NO. 2009-226-E - Application of Duke Energy Carolinas, LLC for Authority to Adjust and Increase Its Electric Rates and Charges – Discuss this Matter with the Commission.

COMMISSION ACTION:

The Company has calculated the amount of the over-collection under its Coal Inventory Rider to be \$1,277,565, and is proposing to return this over-collection to ratepayers using its fuel rider to be established in the 2011 annual fuel hearing. The ORS has agreed with the Company's proposal. I move that we approve the Company's proposal to return the over-collected funds to customers through its fuel rider to be established in the 2011 annual fuel hearing. I would note that the Company's last fuel hearing was held on August 31, 2010 which set new fuel rates beginning with the first billing cycle of October 2010 and continuing through September 2011. Therefore, I also move to request that, at the time of the fuel hearing in 2011, the parties address whether any carrying charges should be added to the outstanding balance of the over collected amount since it will have been held a number of months before being returned to ratepayers.
